Most churches have sought out a new pastor many times, yet search committees often feel as though they are inventing the process from scratch. In *The Pastoral Search Journey*, John Vonhof provides detailed guidance for search committees to ensure a good match between pastor and congregation. This is Vonhof's third book about the pastoral search -- but the first to discuss interim pastors, transitions between pastors, and the use of the Internet and digital media. Vonhof advises congregational leaders on establishing the search committee; ensuring the congregation is cared for during the pastoral vacancy; conducting the congregational self-study and creating an information packet; finding, communicating with, and interviewing candidates; determining selection criteria as well as evaluating and recommending candidates; managing call negotiations; and finally welcoming the congregation's new pastor. Sample letters, forms, and other tools are provided.
